# **Bournemouth & Poole College**

## Front Loaded, Semi – Skilled, Fast Track Apprenticeship Programmes

The key to increasing the available workforce in industry – A LSIP priority  
for the sector

# L2 Apprenticeship Standard

- 18 month programme
  - 3 months in college (plus 1-2 weeks if Functional Skills are needed)
    - To complete training on included qualifications and core knowledge and skills needed
  - 1 year in workplace
    - To include assessment visits in the workplace
    - Recording of off the job training hours
  - 3 months on End Point Assessment
- This could be used to train new staff to enter the industry or upskill existing staff on a formal qualification
- The aim is to increase the Semi – Skilled workforce
  - To increase the workforce entering industry and then the workforce entering at the Skilled level

# The Partnership

## **BPC Provide**

- Facilities
- Resources
