

Dorset Workplace Experiences

Opportunity

We offer a range of opportunities for young people to experience our place of work:

- Higher Scholarship students 4-week placement to run projects and produce presentations
- Viva Interviews
- 1 week (school) work experience placements in our training school (practical hands-on learning)
- 1 week (College) work experience placements in our training school and on our shop floor
- Open evenings where individuals are given a tour of our facilities and can meet members of our team

Impact

Individuals get the opportunity to develop skills and knowledge in our onsite Apprentice Training School within a world class Aerospace Engineering company.

Aspects of design and development with real hands-on experience of manufacturing processes and materials. We get exposure to new talent and are able to manage our workforce expectations.

Top Tip

Getting visitors involved in designing and manufacturing a product with real applications, Tailor it to their individual skills and abilities and introduce them to members of the workforce that they can relate to.
